

TITANTEK™ 7.2 CORRUGATED Panel

The TitanTek 7.2 Corrugated panels feature a heavy-duty, structural design well suited for both roof and wall applications. Featuring exposed fasteners and wide coverage, this panel is suitable for both horizontal and vertical siding installation. The 7.2 Corrugated Panel is quickly and easily installed with exposed fasteners over solid substrate or open framing. Featuring a modern industrial aesthetic, the 7.2 Corrugated Panel is a modern and beautifully designed panel profile.

The 7.2 Corrugated panels are offered in all TitanTek standard finishes as well as Bonderized, A606 Corten, and Galvalume Plus finishes.

Applications:

- Roof, Wall, Soffit, and Fascia
- Horizontal or Vertical Installations
- Residential, Commercial, Agricultural
- Installs Over Solid Substrate or Open Framing

Accessories:

- S-5 Snow Retention and Solar Attachment Systems
- Color Match Roof Sealants
- Ice and Water Shield Underlayment
- Foam Closure Strips
